

Wrabness Rail Crossing – Footpath 184_19

On her planned walk on Thursday 3rd April 2025 walk leader Dee found that the Wrabness rail crossing at TM1737443108 on FP184_19 now is closed to all foot traffic.

The plans to make footpath on the north side of this in line with existing footpath alongside the railway are in place, or so the sign says. No dates are given for the work. Typical, says Dee, to close the crossing first!
